

Source Code:

```
char array[]={0xC0,0xF9,0xA4,0xB0,0x99,0x92,0x82,0xF8,0x80,0x90};
int i;
void main() {
    TRISB=0x00;
    portb=0x00;

    while(1)
    {
        for (i=0;i<10;i++)
        {
            portb=array[i];
            delay_ms(1000);
        }
    }
}
```

Output:
